Poptropica Violin Song

Olympus That could be a big part of why he's such a sorpass When you visit the Museum of Olympus on Main Street in Mythology Island, you'll see fourteen statues of the gods. In Poptropica's Mythology Island, we get to meet several of the Greek Gods, specifically the gods that commonly make up the Twelve Olympians. Why fourteen and not just twelve? Well, in addition to Hades, the Greeks had a habit of switching between Hestia and Dionysus when mentioning the "Twelve." We also get to meet Hades, god of the Underworld, who was never really invited to the party up on Mt.
